May we leave you with these thoughts...

*"According to Chemistry, Alcohol is a Solution."*

*"I used to think drinking was bad for me,  
so I gave up thinking."*

*"Alcohol won't solve your problems.  
Then again, neither will Milk."*

*"Drink because you're happy,  
not because you're miserable."*

*"It doesn't matter if the Glass is  
half full or half empty.  
There is clearly room for more."*
